Permanent Confidentiality:	isted above as permane	details of the design will result in financial hardship. ntly confidential be permanently withheld from public review due to not customarily released to the public.
The applicant requests the exhibits ser from the date of the Grant of Equip information prior to marketing or relea- in the event information regarding the listed above for public disclosure pursu NOTE for Industry Canada Applica	ment Authorization and use of the product to the product or the product and to FCC Public Notice tions:	m confidential be withheld from public view for a period of day prior to marketing. This is to avoid premature release of sensitive public. Applicant is also aware that they are responsible to notify ACI is made available to the public. ACB will then release the document to DA 04-1705.
marked exhibit above will simply be me Sincerely, By:	arked Confidential when	
	4'C' - 4' - 1 - C	mt confidentiality will be allowed. These also assessed we arrive action by the

⁻ The asterisked items (*) require further justification before permanent confidentiality will be allowed. These also currently require review by the FCC under their Permit-But-Ask policy before the grant is issued and can delay completion of an application. Further justification should be added to the note above. One such example for a potted device would be: "The EUT is FULLY potted using a non-removable epoxy based material. Removal of potting material causes irreparable damage to internal circuitry. See photographs exhibits that outline the device before and after potting."
